About **MALAYSIA**

Malaysia is located in Southeast Asia. Land borders with Thailand, Indonesia, Brunei and maritime borders are shared with Singapore, Philippines, and Vietnam. The capital of Malaysia is Kuala Lumpur while Putrajaya is the federal administrative center of the country. Malaysia comprises of 14 states, each state is headed by a sultan or head of the state.

About **KELANTAN**

Tucked away in north-eastern Peninsular Malaysia, Kelantan has successfully continued its legacy of keeping alive its rich tangible (handicrafts, historical sites and buildings) and intangible heritage (culture, customs and traditions), hence earning the title – Kelantan: The Cradle of Malay Culture.

Cultural activities are an integral part of the local daily life of its dwellers, ranging from colorful kites soaring the blue skies to the giant drums reverberating the precious air of the villages. Shadow puppets and classical theatre mesmerize audiences with endless fun and memories

Kelantan has a population of about 1.4 million of which 95% is Malay while Chinese, Indians and Orang Asli make up the rest. Kelantanese is renowned for its warmth and friendly attitudes, hence matching its gracious beauty and charm that few can resist.

Kelantan is also a state well known for its dynamic entrepreneurship especially among women popularly referred by most Malaysian in the area of small and medium enterprises (SMEs).

About UNIVERSITI MALAYSIA KELANTAN

Universiti Malaysia Kelantan; the only autonomous public institution of higher learning in the state of Kelantan; was established with the core business of entrepreneurship education. Therefore; UMK adopts the philosophies "Entrepreneurial University" and "Entrepreneurship is our thrust". In the near future, three main fields are given the highest priority:

- ENTREPRENEURSHIP AND BUSINESS
- CREATIVE TECHNOLOGY AND HERITAGE
- AGRICULTURAL INDUSTRY AND NATURAL RESOURCES

In the meantime, language and soft skills are also provided to the students. All of the programs are offered to the students with the intention of producing human capital of the highest caliber for the country, who are inculcated with a first-world mindset and entrepreneurship values. It is hoped that the graduates produced will go on to contribute to global prosperity through constant improvements of SME capability and capacity as well as contributing to the development of an entrepreneurial society; with the use of ICT as an enabler.

Championing human capital development with entrepreneurial qualities for global prosperity.

VISION

To champion balanced and holistic human capital development ascribed to entrepreneurial distinction for global prosperity.

MISSION

We provide high quality, relevant academic and training programmes, research and innovation of high commercial value, effective and efficient services that prioritize a conducive environment, as well as fulfill social obligation

OBJECTIVES

1. To provide educational courses and training emphasizing entrepreneurial traits and soft skills across curriculum.
2. To develop quality human capital that contributes effectively to national development and benefits society.
3. To enhance staff capability in life- long learning, leadership and management.
4. To develop the capacity and capability of small and medium scale enterprises (SMEs) to enhance their competitiveness in generating national wealth.
5. To provide beneficial educational infrastructure and an effective support system as a strong basis in becoming a world-class university.
6. To implement regional development activities in accordance with the Malaysian east coast economic development regional plan (ECER).
7. To practice effective administrative and financial management with high integrity.

UMK, being the only full fledge University in the state of Kelantan, is established on the focus of entrepreneurship education. Its tagline - "Transformative, Entrepreneurial, Excellent" is applicable across all area of studies, as stated below:

- Entrepreneurship and Business
- Agro-Based Industry
- Earth Science
- Creative Technology and Heritage
- Veterinary Medicine
- Hospitality, Tourism And Wellness
- Bioengineering And Technology
- Architecture And Ekistics

UMK has three (3) campuses which are located in Kelantan and a learning centre in Kuala Lumpur.

CITY CAMPUS

It is located in Taman Bendahara, Pengkalan Chepa which is:

- 10–15 minutes to Kota Bharu (the capital city of Kelantan)
- 5 minutes to Sultan Ismail Petra Airport;
- The campus is located in a strategic area surrounded by:
 - Food Stalls,
 - A 24-Hour McDonald's Outlet
 - Launderettes
 - Book Store
 - Hyper Market.
 - A 24-Hour Convenience Store
- It houses three (3) faculties:
 - Faculty of Entrepreneurship and Business
 - Faculty of Tourism, Hospitality and Wellness
 - Faculty of Veterinary Medicine

BACHOK CAMPUS

- The campus has operated since the 1st of September 2006 and located in the District of Bachok which is about:
 - 2 km from the South China Sea
 - 35 kilometers away from City Campus
- It consists of three (3) faculties:
 - Faculty of Creative Technology and Heritage
 - Faculty of Architecture and Ekistics
 - Faculty of Language Studies and Human Development

JELI CAMPUS

This campus began its operation on the 1st of February 2012:

- 90 km from Kota Bharu.
- It is surrounded by tropical rainforest and hills.

Three (3) faculties are located on this campus, namely:

- Faculty of Agro-Based Industry (FIAT)
- Faculty of Earth Science (FSB)
- Faculty of Bioengineering and Technology (FBKT)

KUALA LUMPUR LEARNING CENTRE

Operates as a postgraduate student learning centre and able to accommodate seminars, lecture sessions and many more.

The image features a white background with abstract geometric shapes in blue and dark blue. A prominent white gap or 'cutout' is located in the lower-left quadrant. To the right of this gap, the word 'Undergraduate' is written in a blue, sans-serif font. The overall composition is minimalist and modern.

Undergraduate

Faculty of Entrepreneurship and Business (FKP) is one of the earliest established faculties at Universiti Malaysia Kelantan (UMK). FKP was established in accordance with the vision and mission of the university which emphasizes on entrepreneurship and enterprise. The purpose of Faculty of Entrepreneurship and Business is to expand the knowledge of entrepreneurship and business which is beneficial to the society and the country, especially for the development of Small and Medium Enterprises (SMEs).

OBJECTIVES

1. To produce graduates with entrepreneurial competence, who are ethical, knowledgeable, skillful, competitive, creative, and innovative, to be able to contribute to the development of the nation.
2. To explore and expand the knowledge of entrepreneurship and business management through teaching, consultancy, information publishing, and service to the nation.
3. To establish smart partnerships with local and foreign organizations that are directly involved in entrepreneurship management and small and medium sized enterprises.
4. To be at the forefront of the development of entrepreneurship and the management of small and medium sized enterprises.

PROGRAMS

Course duration: 8 semesters (4 years)

- Bachelor of Entrepreneurship with Honours
- Bachelor of Entrepreneurship (Commerce) with Honours
- Bachelor of Entrepreneurship (Logistics & Distributive Trade) with Honours
- Bachelor of Entrepreneurship (Retailing) with Honours
- Bachelor of Business Administration (Islamic Banking and Finance) with Honours
- Bachelor of Accounting with Honours

Faculty of Agro Based Industry (FIAT) was established and upgraded from the Department of Agro Industry from the previous Faculty of Agro Industry and Natural Resources. The establishment is based on the university's strategic planning to split former faculty into two separate entities in the year 2012. This is supported with an increasing number of students and programs offered in the previous faculty.

OBJECTIVES

1. To incorporate theoretical applied scientific knowledge with technology as well as entrepreneurial values.
2. To produce undergraduates who excel in agro techno entrepreneurship, who love nature and can strictly protect, appreciate, and value biodiversity.
3. To support high performance goals of faculty with appropriate structures, processes, and resources.
4. To develop professional visionary human capital with the capabilities to contribute to the development of the faculty effectively.
5. To facilitate the organization of cross-disciplinary groups in the key thematic areas of researches such as being a part of East Coast Economic Region (ECER) cluster development.

PROGRAMS

Course duration: 8 semesters (4 years)

- Bachelor of Applied Science (Food Security) with Honours
- Bachelor of Applied Science (Animal Husbandry Science) with Honours
- Bachelor of Applied Science (Product Development Technology) with Honours
- Bachelor of Applied Science (Agrotechnology) with Honours

For further Information, please contact:

Most of Earth resources, environment and hazard issues today are complex and in various forms and are no longer subjected to disciplinary perspectives alone. Inter-disciplinary approaches are crucial, yet such approaches challenge the institutional structures of many universities and research centres. The Faculty of Earth Sciences (FSB) is uniquely placed to lead in these evolving areas. Through the seamless integration of multiple disciplines and with both fundamental and applied perspectives, the faculty will focus on the interplay of managing the Earth natural resources and environmental sciences in fostering environmental sustainability.

OBJECTIVES

1. Expand the understanding of Earth natural resources and its history, dynamics, environmental changes, natural resources, hazards, and sustainability through fundamental scientific research and its integration.
2. Provide an intellectual, collegial and productive working environment that supports fundamental research and promotes collaboration.
3. Build links between the earth sciences and other disciplines as required to address increasingly complex problems of compelling intellectual and societal importance.
4. Strengthen communication between the University, our Alumni, and the World.
5. Improve and support analytical and computational facilities (GIS & RS).
6. Strengthen education programs within the school by providing rigorous and innovative curricular within current and new programs by fostering excellence in teaching and advising and by providing broad-based educational opportunities to students with diverse backgrounds and interests.

7. Enhance extramural funding and support for research, teaching, and outreach.

PROGRAMS

Course duration: 8 semesters (4 years)

- Bachelor of Applied Science (Sustainable Science) with Honours
- Bachelor of Applied Science (Natural Resource Science) with Honours
- Bachelor of Applied Science (Geoscience) with Honours

Faculty of Creative Technology and Heritage (FTKW) is one of the earliest faculties instituted since the founding of Universiti Malaysia Kelantan (UMK). The establishment of the faculty is based on the Ninth Malaysia Plan (RMK-9), which gives priority to the conservation and preservation of our precious arts and heritage. At the same time, it is aimed at realizing the government's goal in turning Malaysia to become an international art centre. The purpose of Faculty of Creative Technology and Heritage is to develop the sector of the National Creative Industry and also called "creative futures".

OBJECTIVES

1. To conserve the heritage of Malaysia in line with the country's values and global aspirations.
2. To transform the value of heritage by creating entrepreneurial opportunities through the use of the latest technology.
3. To contribute to the development of the nation's workforce in the field of creative industry and heritage studies in order to make them successful entrepreneurs at the national and international level.

PROGRAMS

Course duration: 8 semesters (4 years)

- Bachelor of Creative Technology with Honours
- Bachelor of Heritage Studies with Honours

The Faculty of Veterinary Medicine (FPV), was the fourth faculty established at Universiti Malaysia Kelantan, with its first cohort of 40 students enrolled in the program in May 2009. Its establishment was in line with the Third National Agriculture Policy of Malaysia (1998-2010) and the Third Outline Perspective Plan (2001-2010), aimed at strengthening human resources by increasing access to education and training.

With a mission to advance animal, human and environment health through innovative learning experiences in the veterinary curriculum, engagement in scholarly activities and providing professional services, the faculty is home to more than 200 energetic students passionately learning to become the future generation of Malaysian veterinarians.

The curriculum is a five-year program of preclinical, paraclinical and clinical academic study and clinical skill training leading to a Doctor of Veterinary Medicine degree.

OBJECTIVES

1. To produce competent and entrepreneurial veterinary graduates.
2. To produce innovative scientists rigorously engaged in scholarly activities.
3. To provide quality professional veterinary services and outreach.
4. To provide lifelong learning through continuing professional education.

PROGRAMS

Course duration: 10 semesters (5 years)

- Doctor of Veterinary Medicine (DVM)

For further information, please contact:

Faculty of Hospitality, Tourism and Wellness (FHPK) is the sixth faculty established in 2016 in line with the university's vision and mission, specialized in entrepreneurship education. Hospitality, Tourism and Wellness programs are offered by the faculty intending to provide its fundamental knowledge and also to inculcate entrepreneurial attributes, skills, and talent amongst students.

OBJECTIVES

1. Become a leader in hotel education, tourism and health management with a strong emphasis on wellness.
2. Become an important player in providing knowledgeable and highly skilled human resources to provide quality services in the areas of hospitality, tourism and health management.
3. To provide experienced and experienced graduate entrepreneurs in the fields of hospitality, tourism and health management.
4. To realize the national development goals by focusing on the development of the hospitality and tourism industry which is one of the focus of the National Economic Area (NKEA).
5. To establish a certification system in good health and wellness management, it is widely accepted for national and regional use.
6. To promote quality research in the areas of hospitality, tourism and health management with a focus on research that will benefit the industry and society.

PROGRAMS

Course duration: 8 semesters (4 years)

- Bachelor of Entrepreneurship (Hospitality) With Honours
- Bachelor of Entrepreneurship (Tourism) With Honours
- Bachelor of Entrepreneurship (Wellness) With Honours

Faculty of Bioengineering and Technology (FBKT) was officially approved by the Ministry of Higher Education (KPT) on 2nd September 2016. The establishment of this faculty is in line with the plans outlined in the UMK Directions and Strategic Plan book projected from 2010 to 2020.

The establishment of this faculty is in line with the challenges of the Malaysian Education Development Plan 2015 to 2025 (Higher Education) or PPPM (PT) which is to deliver 21st century academic programs that emphasize the balance between morals and knowledge and entrepreneurial attributes while supporting and upholding the National Higher Education Strategic Plan (PSPTN) and the 10th Malaysia Plan to produce high quality technical and vocational (TVET) graduates to enhance the skills and marketability of graduates in Malaysia and ASEAN.

The planned curriculum emphasizes skills and technical training as well as the emphasis on basic science theory to strengthen the program, besides elective courses that support the courses in specialization. FBKT students are also exposed to an entrepreneurial elective course program to enable graduates to apply the knowledge they have learned to translate into wealth creation through economic activity in small and medium sized enterprises.

OBJECTIVES

1. Human resources - Provide a trusted workforce and experts with integrity, technologically skilled, professional, quality, which the community refers.
2. Academic and International - Provides quality and relevant programs of study to produce high-skilled and entrepreneurial holistic graduates.
3. Research and Innovation - Explore the natural resources and nature in producing high impact research and innovation products to the community through collaborations with universities, government, industry and the community.
4. Entrepreneurship and Socio-Economics - Implement a technology-based entrepreneurial culture that contributes to the well-being of the community, environment and industry.
5. Branding for Strategic Alignment - Create distinctive images and identities that reflect a faculty that is relevant, respected, and referred to.

PROGRAMS

Course duration: 8 semesters (4 years)

- Bachelor of Applied Science (Materials Technology) With Honours
- Bachelor of Applied Science (Forest Resources Technology) With Honours
- Bachelor of Applied Science (Bioindustrial Technology) With Honours

Faculty of Architecture and Ekistics (FAE) has been proposed to be set up at UMK by Senate on the 2nd of April 2014 and to the Board of Director on the 30th of June, 2014. It has been approved by Ministry of Education starting the 1st of June 2016 and officially operated in UMK on the 1st of August 2016. The establishment of this faculty is in line with the National Innovation Strategy's World Class Innovation Nation, which outlines the culture within the context of the architecture, the creative industry.

OBJECTIVES

1. Produce knowledgeable and skilled professionals in built environment.
2. Provides reference center about built environment and heritage.
3. Providing consulting services with industry co-operation to ensure research and innovation for lifelong education and community contribution.
4. Work on and practice entrepreneurial characteristics through effective leadership and systematic management.

PROGRAMS

Course duration: 8 semesters (4 years)

- Bachelor of Science in Architecture with Honours
- Bachelor of Interior Architecture with Honours
- Bachelor of Landscape Architecture with Honours

Faculty Language Studies and Human Development (FBI) is one of the faculties established during the commencement of UMK. FBI is designed to equip students in terms of language skills and soft skills in line with the vision and mission of the university which emphasizes the development of high-quality human capital. FBI is responsible for providing services that focus on the mastery of language and human capital development which will be of great value to every UMK student. FBI consists of three (3) departments which are Department of Human Sciences, Department of Third Languages, and Department of English Language. FBI operates in three different campuses: UMK Bachok, City Campus and Jeli campus.

OBJECTIVES

1. To provide services with professional and integrity based on competent human resources in a conducive environment.
2. To practice good financial management system and generate income sustainably.
3. To offer high quality and globally competitive language and human science academic programs and activities.
4. To produce impactful research and innovation through collaboration with various parties for the well-being of the community.
5. To inculcate entrepreneurial culture through academic and non-academic programs in order to elevate the socioeconomic status of the society.
6. To implement good governance that is customer satisfaction oriented.

PROGRAMS

Course duration: 8 semesters (4 years)

- Bachelor of Business Communication with English (Honours)
- Bachelor of Arabic Language with Entrepreneurship (Honours)

The image features an abstract graphic design. In the bottom-left corner, there are overlapping geometric shapes in bright blue and dark blue. A white line starts from the bottom-left, moves diagonally up and to the right, then turns to become a horizontal line. The word "Postgraduate" is written in a blue, sans-serif font, positioned above the horizontal white line. The rest of the image is plain white.

Postgraduate

CENTRE FOR POSTGRADUATE STUDIES

Initially, the UMK Centre for Postgraduate Studies (CPS) was known as a Unit for Research and Postgraduate Studies. In recognition of the importance of postgraduate education and academic excellence in UMK, the University has taken a step forward to rebrand its Unit for Research and Postgraduate Studies to Centre for Postgraduate Studies (CPS). CPS was officially established on 14 April 2012, for managing and coordinating all postgraduate programs offered at UMK. The diversity of postgraduate programs at UMK can be seen through the fields of research conducted by the faculty members.

OBJECTIVES

1. To produce entrepreneurial and business graduates that meet the needs of global business community.
2. To develop creative, innovative and socially responsible leaders who are capable to face a highly competitive business environment.
3. To contribute to the advancement of new high impact knowledge in the area of entrepreneurship and business through research and innovation activities with high commercial value.
4. To develop linkages and collaborations with institutions, industries and communities at national and international levels.

Facilities

RESIDENTIAL COLLEGE

All junior undergraduates (first year students) are provided with accommodation in residential colleges in the three campuses. Accommodation fee is MYR600 / USD150 per semester.

LIBRARY

UMK provides world class library services that include locker services, photocopy services, self-check out terminal and book drop which are needed by the students. These excellent services include online journals and e-books which are guided by professional librarians.

STUDENT HEALTH CENTRE / CLINIC

Student Health Centre (Clinic) provides effective medical services to students. This one-stop centre is equipped with observation and outpatient wards and also medical emergency room. Students can also seek medical treatment from other panel clinics which have been approved by UMK.

SPORTS FACILITIES

UMK provides several sports facilities:

- Gymnasium courts for
- Basketball court
- Netball court
- Futsal court.

SECURITY

UMK provides tight security measures for 24 hours that includes regular patrols to ensure the safety of the campus. In addition, students and staff have special access cards for entrance to any building and office in campus.

COMPUTER LABORATORY

Computer Laboratories are available for students to use based on their needs and requirements.

INTERNET AND WIRELESS FACILITIES

UMK provides free internet and wireless facilities for both students and staff to accommodate teaching and learning process.

AIRPORT

The City Campus is situated very near to Sultan Ismail Petra Airport which takes only 10 minutes to reach it. Taxis are easily available from the airport to all parts of Kelantan.

BUS SERVICES

UMK provides air- conditioned bus service to students. This free service is responsible to bring students from campus to the students' residence campus or vice versa. Additional bus services are also available for special semester academic programs, final examination and also during the semester break which depends on students' activities.

Admissions

UNDERGRADUATE ADMISSION REQUIREMENTS

Entry Requirements for Undergraduate Programs

A. Qualifications

1. Minimum of 3 principals with A-Level examinations or;
2. International Baccalaureate (IB) (with one sitting); or
3. For countries that have not adopted the UK examination system or the International Baccalaureate (IB), the entry will be considered based on their qualifications recognized by the Malaysian Qualifications Agency (MQA)

B. English Proficiencies

1. TOEFL iBT minimum score 35 or;
2. IELTS minimum Band 4.5 or;
3. MUET minimum Band 2; or
4. Pearson Test of English minimum score of 43; or
5. Cambridge English Qualifications & Tests minimum score of 147

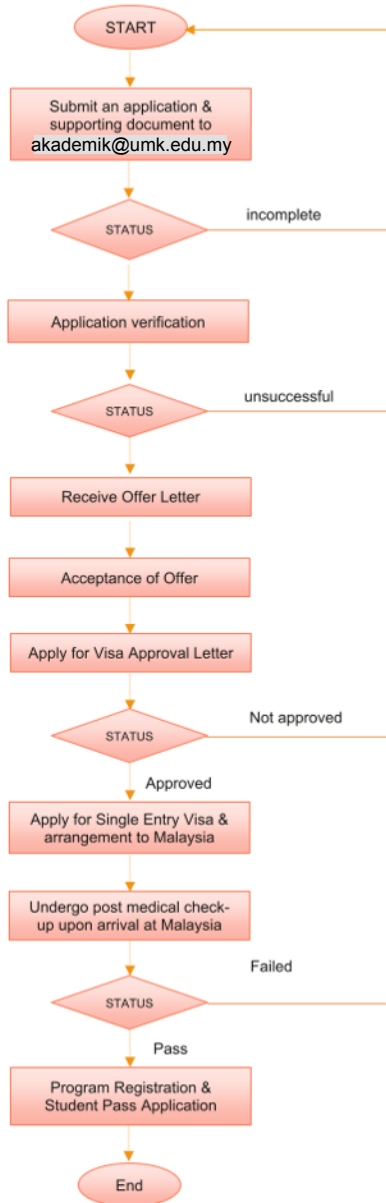

UNDERGRADUATE APPLICATION PROCEDURE

- Application can be made via UMK International website: <http://hea.umk.edu.my/v4/international/>.
- In order to join Semester September intake, please make sure that the application is submitted on or before 30th June (for September intake or 30th October (for February intake; depending on availability) every year.
- A processing fee of MYR80 / USD20 is imposed on every submission, payable to:

Account Holder Name : **UNIVERSITI MALAYSIA KELANTAN**
Account Number : **553038019271**
Bank's Full Name : **MALAYAN BANKING BERHAD (MAYBANK)**
Swift Code : **MBBEMYKL**
Bank Address : **5493 D & E, Jalan Sultan Yahya Petra, 15200 Kota Bharu, Kelantan, Malaysia**

- The completed application form must be PROPERLY SCANNED and EMAILED to international@umk.edu.my together with a copy of the following documents:
 - Original certificates, transcripts, score sheets or school reports from secondary or college or university attended;
 - Translated copies of academic certificates (if in other than English or Malay Language);
 - Bank statement / sponsorship letter
 - A copy of a passport [all pages in A4 size paper];
 - A copy of passport size photograph (45mm high x 35mm wide) white colour background;
 - English competency certificate
- All enclosed academic records and other supporting documents must be certified true copies.

FLOW CHART FOR UNDERGRADUATE APPLICATION PROCEDURE

1. Application should be submitted on or before 30th June (for September intake) or 30th October (for February intake; depending on availability)
2. The complete application form must be properly scanned and email to akademik@umk.edu.my
3. A processing fee of MYR80 / USD20 is imposed on every submission payable to:

ACCOUNT NAME : UNIVERSITI MALAYSIA KELANTAN
 BANK : MALAYAN BANKING BERHAD (MAYBANK)
 ACCOUNT NO : 553038019271

Student
Pass & Visa

All international students are required to have a valid Student Pass and Visa while studying at Malaysia under the laws and regulations of the Government of Malaysia. In order to apply for the student pass, firstly you shall apply Visa Approval Letter (VAL) managed by Education Malaysia Global Services (EMGS) prior of submission to Malaysia Immigration Department. When VAL application is approved then only you can apply for Single Entry Visa (SEV) from the nearest Malaysian Embassy (certain countries do not require visa). You **MUST NOT** enter Malaysia before the VAL is issued to you.

Please refer to the infographic below for the step by step student pass application:

NEW INTERNATIONAL STUDENT PASS APPLICATION

1. **Visa Approval Letter (inclusive of insurance)**
2. **Student Pass & Visa (vary by country)**
3. **Personal Bond (vary by country & refundable)**

MYR1,969 – MYR2,168 / USD485 – USD534

MYR326 – MYR400 / USD80 – USD100

MYR200 – MYR2,000 / USD50 – USD493

Notes:

1. Item no. 1 & 2 to be settled once you are in Malaysia;
2. If you are currently holding a valid Student Pass from other Malaysian institutions, please shorten the duration of the pass before submitting your document to us;
3. Application process normally takes one month and students will receive a Multiple Entry Visa (Student Pass) which will be stamped on your passport.

EXTENDING YOUR STUDENT PASS

Application for pass renewal must be made at least **THREE (3) months** before the Student Pass expires;

It is student responsibility to maintain your legal status at all times while you are in Malaysia. Overstay is a violation of section 15(1)(c) of the Immigration Act 1959/63, an offence under section 15(4) of the Act. The offender can be fined not less than RM10,000 / USD2,500 or face imprisonment not exceeding 5 years or both.

UMK will not be responsible for any offence committed by its students. Those who have overstayed will be advised to approach the Malaysian Immigration Department to settle the overstay issue themselves.

For further information, please contact UMK International at international@umk.edu.my

MEDICAL SCREENING

With effect from 1st June 2019, all International Students will no longer be required to undergo the Pre-Arrival Medical Screening when applying for a student pass application to Malaysia. However, effective 1st June 2019, all international students will now be required to submit a "Health Declaration Form" for their VAL applications. Failing to submit the Health Declaration form will result in incomplete VAL application submission.

You are **REQUIRED** to attend a Post-Arrival Medical Screening within 7 days from your date of entry into Malaysia at the University Clinic / at EMGS's approved panel of clinics/hospitals by completing Health Examination Report. Medical screening is a health check that consists of a general examination by the examining doctor, blood and urine tests as well as a chest x-ray examination. If you are diagnosed with a medical condition that is deemed unsuitable for studies in Malaysia, you will be required to bear the cost of leaving Malaysia and to exit Malaysia before the expiration of your current pass.

All cost involved in the examination and report either original report or renewed report of examination shall be borne by the students.

HEALTH INSURANCE

It is compulsory for every student entering Malaysia to have medical insurance. All international students must be covered by a locally purchased medical health insurance scheme. UMK International students are covered by Medical Insurance providers under EMGS. Please refer here for the details of the benefit offered by the medical insurance providers <https://visa.educationmalaysia.gov.my/guidelines/insurance.html>.

DEPENDENT PASS

All new students are required to travel as a single traveler. Dependent passes application will only be processed after the student receives their Student Pass. It is not possible to apply for dependent passes while you are applying for your Visa Approval Letter (VAL).

You are allowed to bring your dependents only if you are studying full time in Malaysia on a course/program that is more than twelve (12) months long. Approval of your dependent pass application is at the discretion of the Immigration Department of Malaysia. The University WILL NOT be held responsible for any loss or damage if you bring your dependents without University consent.

All international students of UMK are required to apply for dependent's pass renewal at least 30 days before pass expiry date. Dependent Pass will be renewed on the same date of as the Student Pass expired.

The image features an abstract geometric design with various blue and dark blue shapes. A prominent dark blue diagonal line runs from the bottom left towards the top right. Other shapes include a light blue triangle in the top right, a dark blue triangle in the bottom left, and several rectangular bars in light and dark blue. The text 'Travelling to UMK' is positioned in the center-right area, overlapping the dark blue diagonal line.

Travelling to
UMK

Pre-Departure

Checklist before arrival:

1. Accept university offer by sending confirmation and check the date you are expected to register at UMK;
2. Check that your Visa Approval Letter (VAL) is approved and obtain any necessary student visa/entry clearance;
3. Check that you have health insurance coverage for you and your family members if you are bringing along your family. Please take note that it is not possible to apply for dependent passes while you are applying for student's pass;
4. Prepare original copies (and certifies translation) of relevant certificates and examination result;
5. Make accommodation arrangement;
6. Book your trip. You should try to arrive on the arrival day(s) recommended by the university, 7 days before registration date for post medical check-up;
7. Notify UMK International of your arrival by completing UMK International Students Pre-Arrival Request Form at <https://forms.gle/dDNFW5cDD1ZYrPhe9> and email your flight itinerary to international@umk.edu.my.

Checklist of documents or information in hand luggage:

1. Passport with any necessary student visa;
2. Travel/ flight tickets;
3. Malaysia currency/ traveler's cheque;
4. Travel/ personal insurance documents;
5. Offer letter from Universiti Malaysia Kelantan (UMK);
6. A copy of VAL;
7. Evidence of your finances (bank statement/ sponsor's letter);
8. Yellow fever vaccination certificate (if required for your country)
9. Address and phone number of UMK International, hotel/ hostel that you have booked or any onward journey itinerary information (cost/ journey route)

Upon Arrival

You may arrive at Kuala Lumpur International Airport (KLIA) / Kuala Lumpur International Airport 2 (KLIA2) terminal depending on your flight carrier. On arrival at KLIA / KLIA2, please take note of the following:

Disembarkation Card - Complete a disembarkation card and hand it to the immigration officer together with your passport and visa.

Declaration and Prohibited Items - Under the provision of the Customs Act 1967, travelers entering Malaysia are required to declare all dutiable or prohibited goods in their possession. Failure to declare dutiable or prohibited goods or making false declaration is an offence.

International Student Arrival Centre (ISAC) - EMGS has set up an ISAC to help you through your first steps when you arrive in Malaysia. The ISAC will be open every day from 7:00 a.m. to 11:00 p.m. and will make sure that you are fully aware of where to go and what procedures to follow to have a smooth arrival. Currently, the ISAC is

only available at the Kuala Lumpur International Airport (KLIA). Make your way to the ISAC as soon as you arrive at KLIA for any assistance. For further information, please contact ISAC at +603 8776 0974 or email to enquiry@emgs.com.my

Immigration Inspection Procedure - After completing the immigration inspection procedure, please take careful note of Malaysia immigration stamp on your passport. The stamp will indicate the last date of allowed stay in Malaysia. You are **REQUIRED** to attend a Post-Arrival Medical Screening within 7 days from your date of entry into Malaysia at the University Clinic / at EMGS's approved panel of clinics/hospitals. You may have to pay extra charges for processing your student pass if you cannot submit the passport on time.

Upon completion of the Immigration Clearance procedure, please arrange for transportation to Kota Bharu, Kelantan, Malaysia. Our representative will meet you there!

TRAVELLING TO UMK

Travel distance from Kuala Lumpur to Kota Bharu is about 450 km. Students may follow the instruction below to make their own transport arrangements to UMK / hotel upon your arrival at KLIA/ KLIA2. There are several options available and you are open to choose the most suitable way that fits your journey.

Flight

There are many flights from Kuala Lumpur to Kota Bharu such as Malaysia Airlines, AirAsia, Firefly and Malindo. Kelantan's only airport is the Sultan Ismail Petra Airport (KBR) at Pengkalan Chepa, Kota Bharu. The journey from KLIA/ KLIA2 to KBR takes approximately an hour and it is the fastest and comfortable way to Kota Bharu, Kelantan. It's only takes less than ten (10) minutes' drive from Sultan Ismail Petra Airport, Pengkalan Chepa, to UMK City Campus.

Bus

Travel by bus from Kuala Lumpur to Kota Bharu takes about 9 – 10 hours. The bus fare is around RM 44.00. The bus companies provide comfortable and sleeper modern tourist busses (air-conditioned, WC). During the trip, the bus will make a few stops for few minutes for short refreshment breaks therefore make sure that

you remember your bus number, plate number and the parking location!

If you are from KLIA/KLIA2, you will have to go to Terminal Bersepadu Selatan (TBS) located at Bandar Tasik Selatan, Kuala Lumpur. Drop off point is at Kota Bharu Bus Terminal.

TESTIMONIALS

"UMK offers conducive learning environment. It is the second public university in Malaysia that offers veterinary medicine program."

Sharifo Ali Elmi, Master of Science, Somalia

"Pursuing an MBA has always been my dream as I aim to have broader knowledge related to the inside and outside of business operations. Universiti Malaysia Kelantan facilitates valuable knowledge and I learn from the real experts. Many of the professors and teaching staff are equipped with academic and industrial experiences that make learning fun, relevant and practical. The program syllabus, assignments, classes, and assessments are delivered in flexible but effective manners which help in producing top managers. I love the state of Kelantan too for it is socially, culturally and historically unique. Malaysia, truly Asia, it is worth to study here!"

Yoga Rafinika, Master of Business Administration (MBA), Indonesia

"The reason why I chose UMK was due to their strong focus on research, entrepreneurship and high-quality education. I joined the university in 2016 to pursue my MSc degree and successfully graduated in 2018. Right after my graduation I continued my PhD study here in UMK. Studying at UMK has given me a unique learning experience that shaped who I am today. I have been also offered a PhD fellowship and supported financially and for that I am so grateful. Additionally, studying here in UMK allowed me to learn a different culture, interact with people and gain experience. I participated in several events such as GLOBAL AMBASSADOR program, Cultural Night, International Students' Day and City Tour which gave me a truly international experience and allowed me to meet up with local and international students who are studying in various universities in Malaysia."

Ferid Abdulhafiz, PhD in Biotechnology, Ethiopia

"Malaysia is a nice place and Kelantan in particular is attractive in its own way. The people in Kelantan are very kind, friendly and helpful. UMK is a nice university, with good people (the academic, non-academic and the international staff), I really appreciate their kindness and support in helping me to cope with my study. Above all it is less costly and very much affordable compared to other Universities."

Abubakar Abdulkarim, Master of Veterinary Medicine, Nigeria
